If you are thinking about building a log home, but are not sure what is involved, here is the seminar for you!

2011 PLANT TOUR & LOG HOME SEMINARS

April 16, May 21, September 17, November 12

Appalachian Log Structures presents an educational seminar developed to guide consumers through the log home buying and building process.

MORNING SESSION
9:00 A.M. - 12:00 P.M.
SLEEP INN MEETING ROOM
PRINCETON, WEST VIRGINIA

During the morning session you will learn more about Appalachian Log Structures and the advantages of our building systems. We will also offer valuable information on establishing a budget, financing, floor plan design, maintenance, the manufacturing process, the delivery process and much more.

AFTERNOON SESSION
1:00 P.M. - 3:00 P.M.
MANUFACTURING PLANT
PRINCETON, WV

You will begin the afternoon session by touring our State-Of-The-Art manufacturing facility. You'll see how your blueprints are transformed into a quality, pre-cut, lettered and numbered building system.

Afterwards, gain "hands-on" experience by helping to construct a full size corner section of a log home. This will include installation of the logs, gasket, caulk, thru-bolts and jambs for door/window openings. While this session will be limited by time constraints, it will demonstrate the general construction techniques resulting in a better understanding of our building system.

For attending you will receive a coupon to help you get started on building your dream log home. This coupon is valid for \$500.00 off any **NEW** Preliminary Plan Order plans OR \$50.00 off any **NEW** Pre-Designed Study Set Order. The discount is on the plans services only and does not apply to the cost of the package.

Seminar space is limited. To make a reservation, please call 1-800-280-2574. Pre-registration fee with credit card is required.

- **Cost is \$25.00 per person.**
- **Includes lunch @ approximately 12:00 noon.**
- **Seminar dates are subject to change.**
- **Casual dress suggested.**
